

Anchors fit over top of door. When door is securely closed the anchors are seated between door and door frame.

When installed according to directions, this KFIY™ equipment - endorsed by Fr Joe Pereira of Kripa Foundation, India - brings the studio rope wall experience to your home or when you're travelling.

The ropes and adjustable webbing sling are easy to attach or detach. Use the ropes for *Yoga Kurunta* practises, e.g. Rope 1 sequence. The fully adjustable webbing sling can be configured for a wide variety of supported asana-s: *Adho Mukha Svanasana*, *Baddha Konasana* *Sirsasana*, *Urdhva Mukha Paschimottanasa*, and others which are illustrated in the Guide to Usage booklet included with the equipment.

Designed and manufactured in Oakville, ON Canada using Parachute Industry Association (PIA) sewing techniques. The fabricator is a CIYT and former FAA Certified Sport Parachuting Rigger – Class A.
